Behavioral Health Systems Promotes Mekesa Johnson & Beth Srygley

Birmingham, AL – Behavioral Health Systems, Inc. (BHS), a Birmingham-based company administering national behavioral health programs, has promoted **Mekesa Johnson to Director, Data Processing** and **Beth Srygley to Director, Administrative Services**.

Mekesa Johnson was promoted from Manager, Data Processing to Director, Data Processing. She is directly responsible for the day-to-day claims processing functions including directing the data entry process and auditing results as well as ensuring production and quality standards are met. She will also lead the generation of all provider payments. Johnson continues to manage the client billing process and serves as a liaison with BHS' clients, providers and covered members.

Before her recent promotion, Johnson also worked as Financial Coordinator and Claims Analyst for BHS. Previously, she served in accounting and customer service roles with Regions Bank and Galleria Woods.

Beth Srygley, PHR was promoted from Administrative Coordinator to Director, Administrative Services. She is solely responsible for the direction of BHS administration including office operations, human resources, and payroll. In addition, Srygley also provides administrative support to the CEO. She recently earned her PHR designation signifying Srygley as a Professional in Human Resources.

Before joining BHS, Srygley worked in brokerage and administration with Signature Homes, Royal Cup Coffee, and Caremark Rx.

Behavioral Health Systems, Inc., headquartered in Birmingham, AL, has 20 years experience administering national behavioral health programs including managed care, employee assistance and drug testing. Through a national network of 10,800+ providers, BHS serves over 500 employers covering 502,000 lives.
